Dear Sir Jimenez:

Greetings!

The Silliman University-World Bank Knowledge for Development Community (SU-WB KDC) in partnership with Silliman Net Radio, Hush Events, Newground Events and Silliman University Student Government and the League of Student leaders will be having its second run of bringing back the glory days of writing love letters by hand through our 2nd Valentine Love Letter Writing Contest this coming February 13, 2015, at the Robert B. & Metta J. Silliman Library.

This competition is open to all college and senior high students that are under the League of Student Governments in Negros Oriental. This is the first time that we have opened this competition to a broad extent, since what did last year was focus mainly on the students of Silliman University. After the letter writing in the morning, we will be having a talk about "*Love, Courtship, and Dating*" in the afternoon, basically, as a way to address to our beloved students that there is more to love and relationships than meets the eye. This Love Letter Writing Competition which is also in partnership with Silliman NetRadio, the internet radio station of the university, will be broadcasted live as the students will also be reading their own love letter to the audience.

In line with this, we would like to ask you to partner with us in the said event by favorably endorsing this event to all schools (junior and senior high schools) to participate in the said event this coming February 13, 2017.

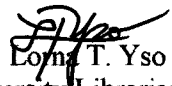

For confirmation and clarification pls email me at kdc@su.edu.ph or contact me through tel. No. 422-600 loc 517; 422-7208.

A favorable reply from your end is highly appreciated!

Sincerely,

Mrs. Cheryl Mae P. Reyes
