Dear Dir. Jeruta:

Greetings from One Meralco Foundation and Coalition for Better Education!

In 2015, One Meralco Foundation and its implementing partner, the Coalition for Better Education, launched the Meralco Energy Education Program with the publication of the first batch of Energy Education Learning Resource Materials. In 2016, we have added more learning materials, bringing to a total of 200 flashcards published and its related topics.

In the last quarter of 2016 up to September 13 of this year, we have distributed the Energy Education Kits to the 37 teacher-authors in the country and to the school beneficiaries of One Meralco Foundation's School's Electrification Program in NCR, Region IV-A, Region XI and Region XII. And the next move is to distribute these energy flashcards to other school beneficiaries of OMF and beyond Meralco franchise areas in Region VI and Region VII.

With this, OMF is pleased to inform you that we will conduct an energy camp and awarding of energy kits to some selected schools in Negros Oriental and Dumaguete City including from Bacolod City, Iloilo and Negros Occidental on **September 21, 2017** from 8:00 a.m. to 12:00 noon. Venue will be at **Luis Hervias National High School** located at Hervias 2, Villainante, Bacolod City. However, these remaining selected schools that we will be awarded with the energy kits must meet the following requirements, namely:

- school population of more than 200;
- with active internet access; and
- has a qualified Science coordinator.

Please be guided accordingly. We humbly request your presence and the respective schools division superintendents with the school principals of the endorsed schools to receive the kit during the awarding.
