SALUSTIANO T. JIMENEZ, Ph.D.,CESO V
Schools Division Superintendent
Division of Negros Oriental

Sir,

May the blessing of the Lord be with you and your love ones,"

The PUNLA KO KINABUKASAN MO FOUNDATION INC. From the City of San Jose Del Monte Bulacan would like to ask permission from your good office to allow us to conduct free lecture/demonstration to your students in your school regarding the herbalization of Sunflower-an ornamental plant, and the importance of GULAYAN SA PAARALAN and be part of CLIMATE CHANGE PROGRAM,which will help absorb radiation from the heat of the sun called(heliotropic)the lecture would last only for 5-7 minutes to the Students and Teachers who handle the subject T.L.E/E.P.P and for SCIENCE seeds germination including in its importance, uses and some benefits that we can get from SUNFLOWER seeds because it has high-source of Vit. And Minerals specially for the patient who has high blood, diabetes, cancer and other illnesses specially for the students who needs to improve their intellect (tryptopan)Vit,B that has a relaxing effect for the brain.

After the discussion we will be providing some other vegetable seeds that can be used for their GULAYAN SA PAARALAN/TREE PLANTING PROG.This is purely voluntary for the sake of Climate Change and for the better of our environment.

Thank you very much and GODBLESS".

Very respectfully yours,

George O. Galoy
Agri-Volunteer
