**DR. JULIET A. JERUTA**  
Regional Director  
DepEd Region VII  
Sudlon, Lahug, Cebu City

Dear Dr. Jeruta,

SEAMEO INNOTECH has been implementing online courses in the last 11 years. Consistent with our mandate to continuously innovate, we have developed a Massive Open Online Course (MOOC) on the topic passion for teaching, entitled *Teach On: Keeping the Passion Alive*. This online course aims to inspire, rekindle and build the capacity of teachers on passion for education.

The course will begin on January 29, 2018 and pre-registration is now open. This course allows more flexibility in completing the course activities. It is estimated that a learner will take 4 hours per week for approximately 8 weeks to complete the course. All discussions are asynchronous and thus, learners have more control over the schedule of their participation. The course is being offered for free.

The course delivery platform used for this course is the Knowledge Education and Exchange Platform (KEEP) maintained by the Chinese University of Hong Kong (CUHK). We have attached the step-by-step guide on how to create an account in KEEP and pre-register.

May we request you to promote the course to your network of teachers and educators so they can take advantage of this unique opportunity for professional development.

Should you have any question, please feel free to contact us through our MOOC Project Manager, Ms. Joan Atienza at 9247681 loc 195 or by email at [mooc@seameo-innotech.org](mailto:mooc@seameo-innotech.org). Regular updates are also provided on the course's Facebook page, "teachoninnotechmooc."

Sincerely,

*R. C. Bacani*
