Dumaguete City, Negros Oriental 6200

Dear Mr. Jimenez,

The Department of Health-Central Office will conduct an ***Orientation on the new Field Guide for the Control of Soil-transmitted Helminthiasis (STH)***. This is in coordination and support of the National Soil-transmitted Helminthiasis Control Program. The activity will be held at Punta Villa Resort, Villa Arevalo Iloilo City from April 18-21, 2017 (inclusive of travel time).

In this activity participants will share their experiences and accomplishment in the control interventions of STH in their respective region and to give inputs for the STH Field Guide. This Field Guide when developed and finalized is important because this will also be used by Local Government Units in the whole country. The safety and efficacy of Mebendazole will be discussed as well in this activity.

In view of the above, may we invite **Ms. Emma S. Matte**, Senior Education Program Specialist and **Dr. Jeazon Mark P. Consing**, Medical Officer to attend in the said activity.

We earnestly believe that her contribution is critical to the success of the STHCP Program. We hope that our invitation will merit a positive response.

Food and accommodation during the activity will be charged to GOP Soil-transmitted Helminthiasis Control Program Fund of DOH Region 6 Office while travelling expenses including airfare and other miscellaneous expenses will be charged borne by the sending agency. For inquiry and confirmation of attendance please contact **Ms. Mary Farasel B. Abaquita**, Senior Health Program Officer at 254-4387/ 09255986584.

We are hoping for your affirmative response on this matter. Thank you.

Very truly yours,

  
**Jaime S. Bernadas, MD, MGM, CESO III**  
Director IV
